MODULAR FLAT PANEL PA SYSTEM

# entertainer

## MODULAR FLAT PANEL PA SYSTEM

The Entertainer is a unique modular, lightweight Public Address and Music system, it will fill a large room with excellent, quality sound whether it be live or from a digital or CD music source.

The complete Entertainer consists of an Entertainer Master – a flat panel loudspeaker c/w 2 x 65 watt stereo amplifier, separate microphone input, volume and tone controls are standard – An Entertainer Slave – a low impedance, 80 watts, 8 ohm flat panel loudspeaker – An Entertainer Bass Bin – crisp clean bass

delivered from a 12 inch dual coil drive unit housed in a neat wooden box with steel grille – A Trantec S4.4 UHF wireless microphone (wired mic optional) completes the system, however, Speaker and mic stands, carry bags and cables for all the above products are included in the Entertainer package.

Each of the above components are available as individual units and can be purchased as such so many of these Entertainer products could be perfect for your particular application.

### The Entertainer Master

Active Speaker (Built in Amplifier)  
Operating Range 60hz – 20 KHz  
Sensitivity – 88dB  
Impedance – 8 ohms  
EQ – 3 band lockable: Bass/Mid/Treb  
Transducers – 4 x Ex.25R High Efficiency  
Dimensions (mm) – 660(H) x 540(W) x 100(D)  
Weight (kgs) 6 kgs

### The Entertainer Slave

Passive Speaker  
Operating Range – 60hz – 20KHz  
Sensitivity – 88dB  
Max Input - 80 watts  
Impedance – 8 ohms  
Transducers – 4 x Ex.25R High Efficiency  
Dimensions (mm) – 660(H) x 540(W) x 70(D)  
Weight (Kgs) – 3.6 kgs

### The Entertainer Bass Bin

Passive Bass Bin  
Load Capacity – 1 x 300 watt  
Input/.Output connection – Speakon  
Drive Unit – 1 x 12 inch Dual Coil  
Frequency Response – 40hz – 150hz  
Sensitivity – 91dB

Impedance – 8 ohms  
Dimensions (mm) – 360(H) x 365(W) x 440(D)  
Weight (kgs) – 17 kgs

### The Trantec S4.4 Microphone Receiver

Operating Voltage – 12V @ 100mA  
First IF Freq. – 55.875Mhz  
Second IF Freq. – 10 700Mhz  
AF Outputs – Variable to 10dBu unbalanced via inch mono jack socket  
+16dBu Bal via XLR 3F connector Pin 2 +  
Indicators – 4 position RF Bargraph, AF peak (Overload), Power, Diversity A/B  
Controls – Channel select, AF output, Squelch  
Dimensions (mm) – 35 x 213 x 98  
Weight (gms) – 580 grams

### Handheld Transmitter

Operating Voltage – 9V @ <50mA  
Operating Time – Approx 10 hours  
Output Power – 10mW max  
Controls – Freq. select, On-Off switch  
Indicators – Battery status LED  
Transducer Type – Dynamic with Cardioid pattern  
Dimensions (mm) – 280 x 50mm max (incl. Grille)  
Weight (gms) – Approx 210 grams

The Entertainer system may be purchased as a complete system or in multiple combinations offering a truly modular system

1. Entertainer Master : inc master speaker unit / amp, speaker stand, wireless mic system (or wired mic), mic stand, carry cases and cables

2. Entertainer Master & Bass Bin : inc master speaker unit / amp, bass bin, speaker stand, wireless mic system (or wired mic), mic stand, carry cases and cables

3. Sub Bass Bin Only : inc bass bin, carry case and cables

4. Entertainer Master speaker & Slave speaker : inc speaker stands, carry cases, wireless mic system (or wired mic) and cables.
