## FAMILY PRIDE AT 1000<sup>th</sup> NOSTALGIA

Chris and Diane Eborall of Sound Leisure celebrated personal goals in completing their 1000<sup>th</sup> Nostalgia cabinet last week. Chris and Diane have worked as part of the Sound Leisure Woodworking team in excess of 20 years each are now also joined in the department by their nephew, Jason.

The Nostalgia models are hand-crafted classic jukeboxes, created at the Sound Leisure headquarters in Leeds, where the dedicated woodworking division takes great pride in producing all the wood-based cabinets for the main factory.

Sound Leisure Managing Director Chris Black commented, “It is wonderful to see how the whole team in the woodworking division lovingly hand craft these cabinets day after day to perfection. The anticipation in the run-up to Chris and Diane's 1000<sup>th</sup> Nostalgia cabinet has been tremendous.

“We have a great team spirit in the woodworking division and it is the incredible attention to detail that has been an overwhelming factor in the success we are currently experiencing with these machines. Our Nostalgia jukeboxes grace some of the finest locations in the world, thanks to the dedication and hard work of the people who put them together here in Leeds.”
