as either
Capsule or Ticket
vend!**

**Based on Sound Leisure's
original and highly
acclaimed game!**

**Great fun for all the
family!**

Farmyard Sounds!

100% skill!

Ol' McDonald's

Following repeated requests from customers around the world for Sound Leisure's most popular and profitable redemption/novelty game, we introduce the **NEW REVISED Ol' McDonald!**

Originally produced between 1991 and 1999 the game became an instant classic for a diverse range of venues.

Players have riotous fun in Ol' McDonalds hen house as they steer the farmer to collect eggs tumbling across the playfield from the over productive farmyard chicken. Beat the target and the player is rewarded with a capsule or ticket prize. Additional buttons on the cabinet can be used by the player to trigger farmyard sounds to add to the fun!

The game has several features intended to increase the cashbox take and ensure it catches the imagination of players of all ages. The 'highest score' is displayed on the play area and the unit can be programmed to vend additional capsules or tickets to reward players that achieve a new high score. The game now features a slim line cabinet, attractive large play area and in-game music and sound effects.
